17. BEST TEAM (TOURNAMENT WINNER) & TOURNAMENT RUNNER-UP

The Tournament Winner (Best Team) and Runner-Up will be determined on a point-base system to be calculated as follows:

- Points will be awarded as per the above chart for heaviest & second-heaviest fish in each category.
- A team will be awarded the points for both 1st and 2nd places if they have caught the 2 heaviest fish in that category. **Exception to this rule is Category 5 Marlin and Category 7 Sailfish. As an example, should a team releases 2 sailfish and no other team releases a sailfish, the team will only be awarded 5 points for 1st place and there will not be a winner for 2nd place. Same applies to category 5. Should there be a tie for Category 5 and 7, the winner will be decided based on the earliest GPS time of the tying fish.**
- Should there be a tie in weight/points for a first place finish, each team shall be awarded 5 points for categories 1-4,6,8-9 Trolling and categories 1-13 Bottom. No second place points will be awarded.
- Should there be a tie in weight/points of a second place finish, each team shall be awarded an equal number of points (3 points for categories 1-4,6,8-9 Trolling and categories 1-13 Bottom).
- If two or more teams are tied with the same number of points at the end of the tournament, the team with the most first place finishes in the 1-9 Trolling and categories 1-13 Bottom Fish Categories will win the tie-breaker. If there is a further tie due to the same number of first place finishes, then the team with the Best Total Overall Catch shall win the tie-breaker. Then it's a coin-toss!
